

### Elections at December Dinner Meeting!

Have you missed AIAA? Let's hope so. The AIAA Atlanta Section has fallen inactive in recent months. All of the requirements for active status have not been maintained. These requirements include electing officers and scheduling meetings for the current year. As a result this meeting has been set up to get the section back to active status and effectively serve the membership.

The primary purpose of this meeting is to get the AIAA Atlanta Section organized for the 1998-1999 year. Steve Justice, AIAA Region II Director, will lead this meeting and provide direction and guidance through this process. The first order of business will be the nomination, election, and installation of officers. The by-laws will need to be suspended in order to take this immediate action. **Anyone interested in an officer position should contact Steve Justice ([steven.justice@lmco.com](mailto:steven.justice@lmco.com), 770-494-9426) as soon as possible.**

All AIAA members are encouraged to attend this meeting. The election of officers is very important to the Atlanta Section -- your section. Without the involvement and support of the section membership, a successful organization can not exist. You, as a member, should not think of AIAA as an organization to which you pay dues and simply attend meetings. Rather it should be thought of as an active and dynamic group of which you are an important part. If you don't feel this way, or wish things were done differently, by all means, get involved and try to make a difference. This is your organization.
